

# INTRODUCTION TO UROLOGY

**5 DAY RESIDENTIAL COURSE**  
**6<sup>th</sup> – 10<sup>th</sup> November 2006**  
**Ranmoor Hall, Sheffield**

**Specifically formatted for first year trainees to provide  
a broad based introduction to core urology**

## **Objectives**

- *to teach the 'basics' of routine and emergency urology*
- *introduce methods of assessment encountered during training*
- *introduce knowledge standards to which trainees must aspire*
- *direct and stimulate future reading and learning*
- *to undertake the introductory Ultrasound theory course, which is required prior to practical training*
